

Leigh Christou

Two New Staff Members for Leigh Christou

We're delighted to welcome two new additions to the Leigh Christou Coventry office. The arrival of Arthur Bibbey and Sean Haycock reflects the continued growth of our practice, strengthening our team as we expand our services and enhance the support we provide to our clients.

Arthur brings 15 years of experience and specialises in end of year accounting, whilst providing proactive advice on Corporation Tax and VAT and supporting businesses through complex regulatory requirements. Alongside his core work, he contributes to a range of specialist projects, bringing a problem-solving mindset and attention to detail to every engagement.

Sean Haycock joins us as a Tax Manager and brings with him a wealth of experience being a qualified AAT accountant, specialising in personal tax and working towards his CTA qualification. He specialises in Self-Assessment tax returns, P11d preparation, residential property disposals and providing support for Making Tax Digital.

They are already making a great impact, and we are pleased to have them on board!
